Plug-in industrial relay with power contacts and additional hard gold plating, 4 changeover contacts, test button, status LED, mechanical switching position indicator, coil voltage: 230 V AC

#### **Commercial Data**

| Item number                          | 2903685             |
|--------------------------------------|---------------------|
| Packing unit                         | 10 pc               |
| Minimum order quantity               | 10 pc               |
| Sales Key                            | CK6                 |
| Product Key                          | CK6193              |
| Catalog Page                         | Page 300 (C-5-2019) |
| GTIN                                 | 4046356758987       |
| Weight per Piece (including packing) | 32.98 g             |
| Weight per Piece (excluding packing) | 31.85 g             |
| Customs tariff number                | 85364900            |
| Country of origin                    | PL                  |

### **Technical Data**

#### **Product properties**

| Product type                       | Single relay                      |
|------------------------------------|-----------------------------------|
| Operating mode                     | 100% operating factor             |
| Mechanical service life            | approx. 2x 10 <sup>7</sup> cycles |
| Insulation characteristics         |                                   |
| Insulation                         | Basic insulation                  |
| Insulation characteristics         |                                   |
|                                    |                                   |
| Insulation                         | Basic insulation                  |
| Insulation<br>Overvoltage category | Basic insulation                  |

#### **Electrical properties**

| Service life electrical                              | see diagram  |
|--|--|
| Maximum power dissipation for nominal condition      | 1.5 W  |
| Test voltage (Winding/contact)                       | 2.5 kV <sub>rms</sub> (50 Hz, 1 min., winding/contact)                     |
| Test voltage (Changeover contact/changeover contact) | 2 kV <sub>rms</sub> (50 Hz, 1 min., changeover contact/changeover contact) |
| Rated insulation voltage                             | 250 V AC   |
| Rated surge voltage                                  | 2.5 kV   |

#### Input data

| Coil side                               |  |
|---|--|
| Nominal input voltage U <sub>N</sub>    | 230 V AC                                 |
| Input voltage range                     | 179.4 V AC 317.4 V AC (20 °C)            |
| Mains frequency                         | 50/60 Hz                                 |
| Typical input current at U <sub>N</sub> | 6.5 mA                                   |
| Typical response time                   | 5 ms 15 ms (depending on phase relation) |
| Typical release time range              | 5 ms 20 ms (depending on phase relation) |
| Status display                          | Yellow LED                               |

#### Output data

| Switching              |   |
|------------------------|---|
| Contact type           | 4 changeover contacts   |
| Type of switch contact | Single contact  |
| Drive and function     | monostable  |
| Drive (polarity)       | bipolar   |
| Contact material       | AgNi, hard gold-plated  |
| Note                   | If the specified maximum values for multi-layer contact relays are exceeded, the gold plating is destroyed. The maximum values of the power contact relay are then valid. This can result in a shorter service life than with a pure power contact. |

#### 2903685

https://www.phoenixcontact.com/in/products/2903685

| Maximum switching voltage                  | 30 V AC                                       |
|--|---|
|  | 36 V DC                                       |
| Minimum switching voltage                  | 2 V (At 24 mA)                                |
| Limiting continuous current                | 50 mA   |
| Maximum inrush current                     | 50 mA   |
| Min. switching current                     | 2 mA (24 V DC)                                |
| Interrupting rating (ohmic load) max.      | 1.2 W (at 24 V DC)                            |
| Switching capacity min.                    | 48 mW   |
| vitching: when the gold layer is destroyed |   |
| Note                                       | the following values are applicable if a gold |
|  | layer is destroyed                            |
| Contact material                           | AgNi  |
| Maximum switching voltage                  | 250 V AC/DC                                   |
| Minimum switching voltage                  | 5 V (At 24 mA)                                |
| Limiting continuous current                | 6 A   |
| Maximum inrush current                     | 16 A (20 ms, N/O contacts)                    |
| Min. switching current                     | 5 mA (at 24 V)                                |
| Interrupting rating (ohmic load) max.      | 144 W (at 24 V DC)                            |
|  | 124 W (at 48 V DC)                            |
|  | 108 W (at 60 V DC)                            |
|  | 52 W (at 110 V DC)                            |
|  | 48 W (at 220 V DC)                            |
|  | 1500 VA (for 250 V AC)                        |
| Switching capacity                         | 2 A (at 24 V, DC13)                           |
|  | 0.22 A (at 120 V, DC13)                       |
|  | 0.11 A (at 250 V, DC13)                       |
|  | 1.5 A (at 24 V, AC15)                         |
|  | 1.5 A (at 120 V, AC15)                        |
|  | 1 A (at 240 V, AC15)                          |

#### Connection data

|     | Connection method | Plug-in connection |
|-----|-------------------|--------------------|
| Dir | nensions          |                    |
|     | Width             | 21.2 mm            |
|     | Height            | 27.5 mm            |
|     | Depth             | 35.6 mm            |

#### Environmental and real-life conditions

| Ambient conditions                      |              |
|---|--------------|
| Degree of protection                    | RTI          |
| Ambient temperature (operation)         | -40 °C 55 °C |
| Ambient temperature (storage/transport) | -40 °C 85 °C |
